

BHARADWAJ KASTURI

Offensive Security Researcher

✉ kasturi.bharadwaj@outlook.com ☎ +916303975562 🌐 Bharadwaj Kasturi

OBJECTIVE

Security Engineer with 1+ years of experience in web application penetration testing, red teaming, mobile (iOS/Android) security testing, and cloud security auditing, with active bug bounty hunting experience, dedicated to uncovering critical vulnerabilities and enhancing overall security posture.

WORK EXPERIENCE

Cyber Security Analyst

12/2025 – Present

WATI

Benguluru

- Conducted red team engagements and penetration testing across web, API, Android, and iOS platforms, identifying critical vulnerabilities through manual and automated assessment techniques.
- Performed cloud security audits to evaluate configurations, access controls, and compliance against industry security benchmarks.
- Leveraged tools including Burp Suite, Frida, and custom scripts to simulate real-world attack scenarios and validate remediation effectiveness.

Cyber Security Intern

12/2023 – 05/2024

CyberSapiens

Remote

- Executed comprehensive Vulnerability Assessment and Penetration Testing (VAPT) across web applications, APIs, network environments, and dynamic thick client applications to proactively identify high-risk security gaps.
- Discovered and reported critical vulnerabilities, providing prioritized remediation strategies that enhanced client security posture.
- Gained hands-on exposure to AWS cloud security while validating remediation through structured re-testing to ensure effective risk reduction.

EDUCATION QUALIFICATION

PG In Cyber Security And Digital Forensics

2025

Rastriya Raksha University Gujarat

CGPA/Percentage: 9.0

Bachelor of Forensic Science

2023

Parul University Gujarat

CGPA/Percentage: 7.17

SKILLS

Security Testing

- Web Application Penetration Testing
- API Security Testing, Network Security Testing
- Thick Client Testing
- Cloud Security (AWS)
- Vulnerability Assessment (VAPT)
- LLM Penetration Testing

Standards & Frameworks

- OWASP Top 10
- MITRE ATT&CK
- CVSS
- Secure SDLC
- DPDPA

Tools

- Burp Suite
- Nmap
- Metasploit
- Wireshark
- Kali Linux
- Cobalt Strike

CERTIFICATES

EJPT 
eJPT (eLearnSecurity Junior Penetration Tester) |
INE

CRTA 
CRTA (Certified Red Team Analyst) -Recognized for
practical proficiency in red team operations,
adversary simulation, and attack chain execution.

EWPTX 
eWPTX -Recognized for advanced proficiency in
web application penetration testing, exploitation,
and manual vulnerability chaining.

PROFESSIONAL ACHIEVEMENTS

Hall of Fame Recognitions
Earned multiple Hall of Fame recognitions from leading global organizations for responsible security disclosures.

CTF Achievement
Secured 1st place in a Capture The Flag (CTF) competition, demonstrating strong offensive security skills.
